Closed Study On Tax Bill

Indicated Total In the House Bill May be Reduced Some

By Joe Hall
WASHINGTON, Aug. 13.—(P)—The Senate Finance committee today began its closed-door study of the \$7,200,000,000 tax bill with a briefing on alternative methods of hiking personal income taxes.

Chairman George (D-Ga.) reported afterward that no decisions were reached. He said it would be several days before the 13 Senators get down to voting on changes in the bill which the House already has passed.

Many committee members have indicated the total of new revenue in the House measure probably will be reduced. These same sources, however, expect the Senate to go along with the \$2,850,000,000 increase in individual income levies voted by the House but to adopt a different method of getting the money.

Several Senators have shown a preference for a plan which would concentrate more of the increase in lower income brackets.

Experts from the Treasury and the staff of the joint Congressional committee on taxation met with the Finance Committee at its first executive session on the bill today.

On "Must" Program
The bill is on the "must" list compiled by the Democratic leadership for action before Congress quits this year.

Chairman George (D-Ga.) of the committee told newsmen he expects the 13 Senators to finish writing their version within two weeks—by Aug. 24 or 25.

It will take another week for the committee staff and Treasury to write a report on the measure, he said. George predicted the bill will reach the Senate floor shortly after Labor Day.

There appeared to be little or no sentiment for increasing the tax hike to the \$10,000,000,000 asked by President Truman. Estimates by committee members on the amount their group would approve ranged from \$5,000,000,000 up to the amount set by the House.

One Republican, who asked not to be identified by name, told newsmen he was sure the group would throw the House's method of raising individual income taxes.

The House proposed to get about \$2,850,000,000 in additional revenue by adding 12 1/2 per cent to the tax bill each person pays now.

This would concentrate much of the increase in the middle and higher income brackets.

The GOP Senator predicted the committee would go for the Treasury plan which is to add the same number of percentage points to each tax bracket.

Best in Each Bracket
The Treasury plan calls for boosting each bracket by four percentage points, for example, the lowest rate of 20 per cent would go up to 24 per cent.

Youths of Reds Hail Stalin

BERLIN, Aug. 13.—(P)—German Communist youth bosses publicly hailed Generalissimo Stalin today as their "father." They did this in a message to the Soviet leader following up yesterday's screaming parade of Communist youth, a demonstration which far outdid anything the Nazis ever whipped up for Hitler.

But the west used the Communist youth festival to get in some propaganda blows of its own. Hundreds of thousands of youngsters who slipped by the Red guards on the sector border saw things in "imperialist" west Berlin they never dreamed existed there.

'Sister Kenny' is Incurably Ill

SYDNEY, Australia, Aug. 13.—(P)—A report from the Sydney Sun today quoted Sister Elizabeth Kenny as saying she was incurably ill and had little time left for this world.

The famous nurse, who has been internationally honored for her work with polio victims, did not name the disease.

The reporter who interviewed Miss Kenny said she was shaking and did not look well.

Bill To Exempt Military From Admission Tax

WASHINGTON, Aug. 13.—(P)—The Senate Finance committee today approved a House-passed bill exempting military personnel from the 20 per cent federal admission tax on amusements when they are admitted free.

Child Killed by Lightning
CLINTON, Mo., Aug. 13.—(P)—Carolyn June Rapp, 6, was killed by lightning Saturday as she stood with her mother and others under a tree during a storm.

Surviving are her parents, Mr. and Mrs. Rudolph Rapp, who live on a farm near here, three sisters and a brother.

Missing

Oscar Frank Barnhart, above, of Columbia, Mo., a salesman, disappeared July 26 while on a routine business trip and has been sought by investigating officers. The man's abandoned automobile was found at Kansas City, Mo., August 9. Police said the man's wife received a half-literate letter from a man describing himself as a hitchhiker who related he struck Barnhart and saw him "fall into some water."

(Associated Press Photo)

Find Cards of Barnhart

KANSAS CITY, Aug. 13.—(P)—Papers and cards from the wallet of Oscar Frank Barnhart, missing Columbia salesman, have been found on a Kansas City street.

They were picked up yesterday at a spot only a block from where Barnhart's automobile was found last Thursday. They were only slightly splattered with Saturday's light rain.

The car was found through information given Mrs. Barnhart in an anonymous letter she received in Columbia last week. The letter was postmarked at Portland, Ore., Aug. 6. The writer said he was a hitch-hiker and had robbed Barnhart near Booneville, Mo. He hit Barnhart with a pistol, he said, and Barnhart fell from the car, landing in water near a bridge.

Barnhart has been missing since June 26.

Hundreds in Train Wreck

Escapes In One at Four Oaks, N. C., 'Miraculous'

FOUR OAKS, N. C., Aug. 13.—(P)—Hundreds of passengers escaped death or serious injury near here yesterday in the wreck of the Atlantic Coast Line's streamliner passenger train, the East Coast Champion.

According to C. G. Sibley, ACL assistant vice president for operations, more than 500 persons were aboard the Miami-New York train which crashed two miles north of here at 1:20 a. m. (EST). The railroad announced no one was killed and no one was seriously injured when the nine middle cars of the 18-car train were derailed and three cars plunged down a 20-foot embankment.

The fact that none was killed in the wreck was termed "the most miraculous thing I've ever seen by Dr. Watson Wharton of nearby Smithfield, where nine persons were hospitalized following the wreck.

Six derailed cars held to the right of way, although one turned over. One of the three cars that toppled over the embankment, landed on its side, one on its wheels and one on its top. The derailed train left the diner crosswise of the double-track line, with one end in the air and the other buried in mud at the bottom of the fill.

A cloudburst hit the area Friday and Sibley said: "Indications are that the cause of the derailment was the fill sloughing off while the train was passing over due to recent heavy rains."

But the west used the Communist youth festival to get in some propaganda blows of its own. Hundreds of thousands of youngsters who slipped by the Red guards on the sector border saw things in "imperialist" west Berlin they never dreamed existed there.

Plane With 12 Missing on Alaskan Coast

Disappeared on Sunday After a Takeoff at Kodiak

KODIAK, Alaska, Aug. 13.—(P)—A four-engineered navy patrol bomber with 12 crewmen aboard was reported missing today in Alaska. It was the fourth plane to have vanished along the Alaska and British Columbia coasts since July 21. They carried 60 persons.

The navy PB4-Y-2 Privateer disappeared yesterday after taking off at 7:35 a. m. (11:35 a. m. CST) from its Kodiak base on a routine operational mission.

The Kodiak naval station said nothing was heard from the big plane after it gave a position report at 10:14 a. m. Its fuel supply would have been exhausted at 9:35 p. m. Alaska time last night.

Names of the three officers and nine enlisted men in the crew were withheld.

An air and sea search was started yesterday after the bomber was presumed lost. Fog and rain curtailed rescue efforts. Planes of the 10th air rescue squadron at Anchorage was standing by today awaiting clearing weather.

Meanwhile, there was no slackening in the hunt for a Korean aircraft DC-4 with 38 aboard which disappeared July 21 over the Alaska Panhandle between Cape Spencer and Yakutat, about 500 miles east of Kodiak.

Six days later a ski-equipped single-engineered Norseman plane vanished in the same area en route from Mt. Hubbard to Yakutat. It carried the pilot and the wife and daughter of a millionaire New Jersey scientist Walter Wood, who was conducting experiments on the mountain for the arctic institute.

On August 4 a chartered Queen Charlotte airlines single-engine plane was lost on a 37-mile flight from Mualat to Tofino, on Vancouver Island, B. C. The pilot was flying six passengers to Tofino from logging camps on the island.

Bill Permits Girls Transfer

JEFFERSON CITY, Aug. 13.—(P)—A bill permitting transfer of inmates from the Tipton training school for Negro girls to the school for white girls at Chillicothe has been signed into law.

Gov. Forrest Smith said today he signed it late Saturday. It becomes effective Oct. 9.

The law provides that whenever suitable separate facilities are available at Chillicothe the Negro girls may be transferred. The Tipton institution then would be turned over to the corrections department for possible use as a women's prison.

The governor said he also signed bills to:

Repeal Jackson county's 1949 permanent registration law. It was to have become effective next year. But county officials said permanent voter registration in the county was unnecessary and would cost \$300,000.

Broaden the scope of the Kansas City teachers' retirement act, increasing the benefits.

Permit salary increases for examiners in the state division of finance and increase bank examination fees.

Increase salaries of St. Louis jury commissioners from \$6,500 to \$7,500 a year.

J. L. Phillips Head Of 'Vets' Group

PINE BLUFF, Ark., Aug. 13.—(P)—Joe L. Phillips of Tulsa, Okla., was elected commander of the Wildcat Veterans association, composed of former members of the 81st or "Wildcat" division, here yesterday.

He succeeds Ely Stephens of Lafayette, Ala.

Vice commanders include: Joe Shaw, Clarkdale, Miss.; Arch White, Craig, Mo.; Louis Pircher, Thrall, Tex.; Coy Reeves, Todessa, La.; and Vernon W. Stiles, North Little Rock, Ark.

The association's annual convention closed following the election of officers.

Bumps Sunbathing Wife With His Auto

KANSAS CITY, Aug. 13.—(P)—Spreading a blanket on the driveway alongside her home, Mrs. Maxine Elliott, 38, took a sunbath yesterday. Some time later her husband, John, drove into the street without seeing her. The car struck her on the head. At the hospital, here condition was reported fair.

One Killed; Five Injured in Accident

CARTHAGE, Mo., Aug. 13.—(P)—Albert Leroy Armstrong, 58, of near Webb City, Mo., was killed and five other persons injured today in a two-car collision 12 miles northwest of here.

The highway patrol said Armstrong was killed instantly, and his wife, 49, suffered serious chest injuries. Mrs. Armstrong and Loyd Wade, 38, of Springfield, Colo., were admitted to a Webb City, Mo., hospital for treatment.

Wade's 4-year-old son, Dennis Ray; Mr. and Mrs. Melvin Cummings, and Anna May Cummings, all of Walnut Shade, Mo., occupants of the Wade auto, were treated for cuts and bruises and released.

leases a report of its staff experts today recommending an immediate tax hike of \$10 billion—with most of the burden on the middle income brackets.

The Twentieth Century Fund, a non-profit foundation for public education on current economic problems, sticks to its previously stated idea that \$16 billion is needed in additional taxes to pay for defense as we go, and to ward off inflation.

The Senate is now studying the House's \$7.2 billion tax bill, and some members of the Senate Finance

Three Escape From Jail at Carthage

CARTHAGE, Mo., Aug. 13.—(P)—Three men, two of whom are former convicts, escaped from the Jasper county jail yesterday.

They are William Stidman, 27, and Albert Green, 35, both of Kansas City, and James Jack Detchemendy, 28, of Joplin.

Stidman, released from the federal prison at Alcatraz last April, and Green were awaiting circuit court trial on charge of robbing a Joplin bottling company of \$300 the night of June 29. Both previously had served terms in the federal penitentiary at Leavenworth, Kas.

Detchemendy was awaiting trial on charges of murdering a Joplin woman last April.

Sheriff George Hickman said the men had loosened boards around a toilet bowl, dropped through the hole into the basement, then left the jail through an unlocked basement door.

Differ As to Giving Report

Senators Are at Variance as to Gen. MacArthur

By Rowland Evans, Jr.
WASHINGTON, Aug. 13.—(P)—Senators who spent almost two months investigating the dismissal of Gen. Douglas MacArthur have apparently come to an abrupt parting of the way over the need of a report on their findings.

Yesterday Senator Cain (R-Wash.) said flatly that he and seven other members of the two inquiry committees, Armed Services and Foreign Relations, have already signed a report.

But on Saturday Senator Russell (D-Ga.), who ran the 2,000,000-word hearing, repeated what he has said before—that he thinks no report is needed.

However, Russell told a reporter he would call a meeting of the joint committee soon to make a final decision.

Cain, appearing on an NBC television show, did not identify the Senators who he said joined him in his report.

It was learned early last month that Cain was working on a preliminary report blasting President Truman for firing the Far East commander and declaring that MacArthur's Korean war program was "the only positive program" for winning the war.

Cain said then he was representing "six or seven" Republicans. But yesterday all Cain would say was "six or seven" Republicans.

Lee Deason to be Optimist Speaker

Lee Deason, zone manager of the Investors Diversified Services Inc., will be the speaker at the noon day meeting of the Optimist club at Bothwell hotel Wednesday. He will talk on "Investments."

Mr. Deason is vice president of the Optimist club.

Edward G. Ringen, president, will preside at the meeting.

Charge Murder Of War Hero

ORLEANS, France, Aug. 13.—(P)—Pretty Yvonne Cheallier, 21, formally accused today of the murder of her war-hero husband, Pierre Cheallier, just a day after he became a member of the new French cabinet.

The formal charge was lodged by an examining magistrate here after an inquiry into the shooting of Dr. Cheallier, 42, who just had been named secretary of state for technical education, youth and sports in the new cabinet of Premier Rene Pleven.

French authorities had ordered a sanity test for the wife, but there was no indication yet whether a psychiatrist had examined the black-haired woman.

Employees Off Jobs Due Heat

DALLAS, Aug. 13.—(P)—A large number of Southwestern Bell Telephone Company employees left their jobs at 9 a. m. here today, protesting the lack of air conditioning at their switchboards.

Bell spokesmen said about 750 operators and plant workers were off their jobs. Other sources placed the figure much higher.

Most of the workers were women who said they would be off all day. Many of those who left their jobs were sympathizers from other divisions.

One Killed; Five Injured in Accident

CARTHAGE, Mo., Aug. 13.—(P)—Albert Leroy Armstrong, 58, of near Webb City, Mo., was killed and five other persons injured today in a two-car collision 12 miles northwest of here.

The highway patrol said Armstrong was killed instantly, and his wife, 49, suffered serious chest injuries. Mrs. Armstrong and Loyd Wade, 38, of Springfield, Colo., were admitted to a Webb City, Mo., hospital for treatment.

Asks Army to Look Into a Court-Martial

Gen. Sturges Tells Of Board Hearing Case of Soldier

MONMOUTH, Ill., Aug. 13.—(P)—A minister has asked the Army to look into what he labeled the "unprecedented" action of a general in the court-martialing of an Illinois soldier who lists himself as a conscientious objector.

The minister said Saturday the Army as well as Sen. Dirksen (R-Ill.) both have agreed to conduct investigations in the case of Pvt. Robert M. Wingo, 22, a former Monmouth carpenter stationed at Fort Leonard Wood, Mo.

The Rev. C. K. Sparks, pastor of the Church of the Nazarene, of which Wingo is a member, said Wingo was court-martialed for refusing to bear arms. He said the court-martial was approved by Maj. Gen. S. D. Sturges, the Fort's commander, despite recommendation of a post chaplain that Wingo be transferred to the medical corps. The minister called the action "unprecedented."

"If Wingo's request were granted, somebody else's son would have to be put on the firing line to take his place," the general said.

Mr. Sparks said Wingo had been found guilty at a court-martial of refusing to obey orders to carry a rifle and was given a dishonorable discharge and sentenced to a year at hard labor.

The minister gave this version of Wingo's army career:

Wingo, who was married a year ago, was drafted in February. He was sent to Fort Leonard Wood.

Attending his first lecture he heard a major say: "Boys, I'm here to make killers out of you. I want to make you the worst killers possible."

Wingo, "felt something rise up" inside him. Upon the advice of Rev. Maurice Swisher, a post chaplain, Wingo asked for a transfer (Please turn to Page 4, Column 4)

Rotary Views Film on 'Subs'

W. A. Smith told of experiences for his four years of service in the submarines and showed a film today at the Rotary club meeting at Bothwell hotel. He was introduced by Dick Snow, program chairman.

The meeting was presided over by Emory Bowman, president. Investigation show, did not identify the Senators who he said joined him in his report.

It was learned early last month that Cain was working on a preliminary report blasting President Truman for firing the Far East commander and declaring that MacArthur's Korean war program was "the only positive program" for winning the war.

Cain said then he was representing "six or seven" Republicans. But yesterday all Cain would say was "six or seven" Republicans.

Russia to Send Treaty Delegates

WASHINGTON, Aug. 13.—(P)—Russia has informed the United States it will send a delegation to the Japanese peace treaty conference opening in San Francisco Sept. 4.

Handkerchief as Clue to Murder

EUREKA, Mo., Aug. 13.—(P)—A man's white handkerchief bearing the initial "P" was being studied today as a possible clue in the murder of Mrs. Lillian Ann Null, 58, whose body was found behind her home here last Wednesday.

The handkerchief was discovered by a volunteer Boy Scout near the spot where Mrs. Null was beaten to death. Officials say it contains brown stains which may be blood.

Deputy Sheriff Joseph Feco said two of three persons he has tried unsuccessfully to locate have names that start with the letter "P."

Political Refuge In Sweden To Mutineers

STOCKHOLM, Aug. 13.—(P)—Sweden today granted political refuge to 12 Polish navy mutineers who overpowered their officers and directed their minesweeper, the Hadregafarisen, to the Swedish port of Ystad Aug. 2.

The Swedish government Saturday rejected a request of the Communist government of Poland to arrest the 12 men. In granting asylum to the men, the Swedish government gave them special refugee passports.

Partial Operation Is Resumed by Swift

KANSAS CITY, Aug. 13.—(P)—Swift & Company resumed partial operation at the plant here that was swept by flood July 13.

John M. Powell, plant manager, said 1,500 employees were at work today, and the payroll would be increased to 2,000 within a few weeks.

Missionaries Ejected or Are Being Jailed in Red China

HONG KONG, Aug. 13.—(P)—Missionaries being ejected from Red China said today the Communists appear bent on eliminating all Christian churches except their own "Reform church."

The Catholic church is bearing the brunt of Red activities now. Travelers from Peiping said every foreign missionary in the Red capital is either in jail or under house arrest. The report said Chinese Christians are under pressure to join the "Reform church."

Thought for Today

Even in a righteous cause force is a fearful thing: God only helps when we can help no more.—Schiller.

Sheep Trading at K. C. Resumed

KANSAS CITY, Aug. 13.—(P)—Sheep trading today resumed at the stockyards for the first time since July 13 when the yards were wrecked by flood waters.

The receipts were low the first day. Only 1,000 head were received, compared with 2,385 a year ago.

Cattle receipts, however, were 6,500 head, the heaviest run since the yards reopened a week ago. Receipts were 15,391 a year ago, and 2,636 a week ago.

The hog supply of 3,500 today was about the market average for this time of year.

Restrictions on shipments of livestock to the Kansas City market, except for sheep, remain in effect until further notice.

National Guard Home From Camp Ripley

Training Events In Past Two Weeks Very Successful

The 35th division, composed of Kansas and Missouri National guard units returned back to their home states Sunday and today from a two week's encampment at Camp Ripley, Minn.

The headquarters detachment which is located in Sedalia returned home this morning at 2:00 o'clock after they were delayed on their return schedule on a special troop train. The group was actually due Sunday.

The local battery arrived in Sedalia at 11:30 this morning after an all night camping at Trenton, Mo., during the 700 mile trip home. Members of this group state that they left their mosquito bars at the camp and were bothered with mosquitoes at their camp site.

General Jack McLaughlin and his party returned home Sunday afternoon at 2:00 o'clock to meet the train which was late.

At the camp, members of the guard report, the weather was cool and the mosquitoes were bad. The temperature one night got down to 49 degrees and every night the men slept under three or more blankets.

Col. J. M. Blue of the local headquarters said that the camp was considered very successful.

On governor's day the guards presented a huge parade which was viewed by Gov. Arn of Kansas and other high ranking military personnel. The same day, from an observation point, the visiting officials viewed a demonstration of a bomber-strafing attack which was presented by the bomber-fighters.

Some of the guardsmen related they enjoyed the camp, which was hard, and they were glad to be back home after the 32-hour trip from Camp Ripley.

CBI For Strong United America

KANSAS CITY, Kas., Aug. 13.—(P)—A strong, united America that will cooperate with her foreign allies is necessary to world peace and freedom, America's first jet plane ace told veterans of World War II yesterday.

Capt. James Jabara, whose parents live in Wichita, addressed the national convention of the China-Burma-India Veterans association.

"America must arm herself and be strong," Jabara said. "Our country has many dead who gave their lives in the struggle for freedom. We cannot fail those dead, for they certainly did not fail."

Officers elected included Ernest F. Brose of Lena, Ill., to succeed William F. Brown of Sedalia, Mo., as commander and Marvin Seider of St. Louis, historian.

Alexander Kerensky to Anti-Red Conference

NEW YORK, Aug. 13.—(P)—Alexander Kerensky, president of Russia before the Communists took over, was on his way to Munich, Germany today for an anti-Red conference of

The Washington Merry-Go-Round

Unrest Behind 'The Curtain'

By Drew Pearson

(Copyright, 1951, By The Bell Syndicate, Inc.)

(Drew Pearson is in Europe. This is the first of several dispatches he will cable from Central Europe.)

If there was ever a time when propaganda was needed to encourage and stimulate the people behind the iron curtain, now is it.

There have been reports in previous years of trouble behind the iron curtain, but never as many as now. Two hundred Communist leaders in Bulgaria are reported under arrest. Twenty-two Soviet generals and high Soviet officials have died mysteriously in the last seven months. Four Czech generals have been arrested or committed suicide in six months. Nine of the highest officers in the Polish army were tried for treason. Twelve Polish seamen on a minesweeper mutinied, locked up their officers and deserted to Sweden. Four young Poles fled to Sweden in a stolen, bullet-riddled airplane. Three Lithuanians locked up other crew members on a Russian trawler and escaped.

Here is a brief summary of the best underground reports I can get of what is happening behind the curtain:

Czechoslovakia—The Czechs have now recovered from the stunned apathy which followed the initial seizure of their country by Moscow and are beginning to get their courage back. A serious food shortage, blamed on the Russians, is partly responsible. On top of this the Voice of America, which predicted the arrest of the foreign minister, Vladimir Clementis, and four other Czechs had its effect. Finally, Radio Free Europe has sent such devastating barrages of propaganda into Czechoslovakia that the Czech government has demanded that Radio Free Europe be taken off the air.

Poland—Resentment against Moscow is so serious that Vyach-

eslav Molotov, now the No. 2 man to Stalin and seldom seen in public, made a special trip to Warsaw to warn the Poles against following Tito. Behind this warning was the fact that the railroads between Berlin and Moscow are sabotaged so frequently that repair crews are kept busy night and day. Production is dropping. The Catholic church is leading a potent underground and the Kremlin has become so suspicious of top Polish generals that nine of them have now been tried.

Bulgaria—A peasant revolt has held up the delivery of wheat to Russia and brought a battery of Soviet officials hurrying into Sofia. About 15,000 have been added to the 30,000 already in concentration camps, while treason trials have shown that the Agrarian (or peasant) party, once the strongest in Bulgaria, now operates a powerful underground. The official Cominform newspaper called Bulgaria an "ulcer" and criticized Premier Chervenkov for allowing the unrest to spread.

Romania—Emil Bodnarus, the minister of national defense, has been arrested and there have been mass evacuations of those suspected of disloyalty to Moscow.

Hungary—The deportation of thousands of Hungarian peasants to concentration camps to face slavery and death have been recently denounced by the U. S. secretary of state, Dean Acheson. Some 70,000 peasants have been jailed because they have held back their grain or refused to collectivize their farms.

East Germany—Moscow's efforts to build a Communist German army have been partly frustrated by the desertion of officers of the "people's police" to Western Germany. Three separate undergrounds operate among the Russian and Red army personnel inside Germany.

A 'Father Takes Over' Day Would Serve Mother Well

Picture in the paper shows a Chicago cab driver going on about his business of hauling fares, with the front of his cab crowded with his three little boys and their pet squirrel.

Seems the baby-sitter who was to have taken over the children while their mother went to the hospital to have a fourth baby didn't show up. So Papa was forced to do his job and look after the kids at the same time.

He'll undoubtedly have a new respect for Mama when she comes home from the hospital.

All of which leads up to the suggestion that what we women ought to sponsor is an annual "Father Takes Over" day.

Add One Small Item

On that day Papa would go to work as usual—except for one small item: the kids. Instead of kissing them goodby, they'd go along with him to his job.

After all, Mama does her job

along with looking after the small fry all the other days in the year. And for the most part, Papa never even stops to wonder how she can manage to wash, iron, bake, clean house, sew and all the other things while keeping an eye on the kids and catering to their needs.

The one thing that would open Papa's eyes to what a job that actually is would be for him to try to do his own work, and at the same time look after his young ones.

A mother of five small and energetically normal children once told me her husband sometimes wondered aloud why she didn't run her home as efficiently as his secretary ran his office. If that Mama would turn all five of those young ones over to Papa's secretary for just one day, Papa would have the answer to that question. Of course, at the day's end he might not have his efficient secretary.

Exercise Caution to Avoid Hazards of Lead Poisoning

By EDWIN P. JORDAN, M. D.
Written for NEA Service

Lead poisoning used to be one of the most common and serious forms of industrial and accidental poisonings. Thanks to preventive measures it occurs less frequently than in the past but is still a problem. Recently a lady wrote me that her husband, who had been a body and fender repair man for 16 years, was suffering aches in his arms and severe headaches and wondered whether this could be caused by lead poisoning from paint. Also there have been reports from Baltimore and Cleveland of lead poisoning in babies,

probably resulting from chewing something bearing lead paint.

Now it should be said that the paint industry has done an excellent job in reducing or eliminating this hazard. A number of years ago it was agreed to eliminate lead from paints to be used inside houses or on things like children's toys. But if a person uses paint intended for outside use on the inside of houses or on toys there would still be a risk.

Diagnosis of Disease

The symptoms suffered by the body and fender worker could be caused by lead poisoning. In addition to those mentioned, colicky

Chip Off the Old Block

THE EMERALD CRESTED HOPOE
by Gordon MacCreagh
COPYRIGHT 1951 BY NEA SERVICE, INC.

THE STORY: An idol of an extinct bird is sought by Communist plotters in Indo-China as a means of organizing revolt. But Georges Benoit, a patriotic Frenchman, has hired Alvin Harrison, an American, to find it first.

VII
IN the temple courtyard a monk was scattering sesame seed to a flock of birds the size of thrushes, that walked about tamely as pigeons. At intervals the birds raised golden crests and said musically, "Hoo-poo," on a descending third of the scale.

"Not emerald crested," Alan grunted. "Just plain. And since nobody's dropping dead, I suppose it's their lucky time to hoop."

"As an American, my friend," Georges Benoit said, "you have certain recognized characteristics. You are expected to have a curiosity, to intrude your nose into anything that may interest you because you write for your village newspaper; or you are studying the conditions for two weeks for the purpose of writing a book."

Alan grinned. "Moreover," Benoit went on, "you are expected to have a camera with a flashlight, the which you thrust into dark corners and religious ceremonies, while you call on priests and gods to pose for you."

"These privileges you have established, give you then the opportunity to observe every inch within this temple, without attracting attention to an one spot."

Alan had an idea of his own. "And since they—" he emphasized the word "—expect us to be going into the jungles, we'd better recruit some husky trail and track men."

"A bodyguard, no less! My friend, this is inspiration!" Benoit clapped his hands. The feeding whoops shrieked and scattered like park pigeons frightened by some untended child. The monk

pains in the bowels are usually present in chronic poisoning due to lead. This, of course, is not enough. The paint used would have to be analyzed for lead or other substances which might produce chronic poisoning. The man himself would have to be studied further: a blue line around the gums is common and studies of the blood are most important.

Besides chronic poisoning there is an acute form of the condition. This comes only from the rapid absorption of large quantities of lead and produces severe pain in the abdomen, vomiting, colicky cramps and collapse. The skin usually develops a waxy color and the red blood cells have a definite characteristic appearance.

Thanks to many years of work, and the development of many protective measures, lead poisoning is gradually disappearing. Most cases which develop now are the result of carelessness and adults should use care not only for themselves but for their children since lead poisoning once acquired is not only unpleasant and dangerous but hard to recover from.

Veterans Council to Meet

The Veterans Council meeting will be at 8 p.m. Monday, August 13th at 114½ East 3rd. All members are expected to attend.

In the belief that his hands would defile them, St. Francis of Assisi would not touch lamps or candles.

Earliest pattern textiles were of the 15th century B.C. in Egypt, according to the Encyclopedia Britannica.

Jet black seals, about the size of a cocker spaniel, bask in the spring sun at Alamitos bay, pleasure port of Long Beach, Calif.

stood statue still and stared at them with the expressionless eyes of one enlightened, who passionately regards the antics of the vulgar.

THE ricksha coolies of Phnom Penh were on strike. Somebody had taught them the technique of how to demand 20 cents for their labor, rather than 17. Alan and Benoit accordingly walked two sweating miles along the Quai Sisowath to the section of the European stores.

Benoit planned, "This temple. At night the gates are locked. Only the devout monks are permitted to remain within at their prayers. My servant, as are many Buddhists, was educated in a monastery. He can make application for a nine days' praying. Much may be discovered in the long night watches."

Gratefully threading the shaded paths of the Circle of the Loper King, Alan said, "We're being followed. Shall we run?"

"Run?" Benoit gasped at the very thought of it. "We wait by the statue and project the bold front."

Heavy boots crunched accompanied by a patter of naked feet. Around a bend of the converging paths came the man Vroom followed by four natives rather ostentatiously dressed in expensive sampots. Vroom dismissed the men and came up soberly smiling.

"Aha, gentlemen! So you take the cool air of the river frontage." He stood to enjoy their sweating discomfort.

"Of a miserable necessity," Benoit said with an equally necessary candor. "We have been sightseeing and we go now to the Magazine Denis Freres to purchase an equipment of photographs."

Vroom's heavily sleepy eyelids closed in understanding. "Of course. For the life histories of the jungle animals, doubtless. Myself, too, am an amateur of photography. I do myself the pleasure

to accompany you." The man's effort in forcing his company was galling. "Well," Alan said, "the streets are public."

Denis Freres D'Indochine were agents who proudly advertised that they imported everything from champagnes to fertilizers and exported everything from pepper to fish-grease (Alan wondered what that was and who wanted it).

VROOM did seem to know what a man should have. Sleepily he asked, "You do not take a long focus lens for animal work?"

Alan, engrossed in flash apparatus and close focussing range finders, felt guilty for the oversight. Benoit quickly reached into a case. "It is here." He showed the accessory.

Vroom smiled sleepily at him. "But, too large, I threaten, for the camera that Meister Barton has selected." Then he laughed. "But you and me, my good friend, ha, we must not interfere with the decisions of the expert who has the knowledge." He turned back to Alan. "In the Dodong I have a little camp workings of the teak. I invite you to visit. There I guarantee you elephants, tigers, anything you wish and I thank you to take them away. The elephants they break my fences and the tigers they eat my men."

Alan flashed a quick narrow look to Benoit, wondering just what this might mean. Vroom laughed purring. "Oah yes. My good friend Benoit also I know is anxious to aid you in your researches and, having his knowledge of the country, he would be useful. Only—" he let his eyes rove over the obvious unfitness. "I am sure he will not be able." He expressed a further anxiety. "Do I not detect that you are coming down with a fever—or something? You have a tension of the hands, a yellowness. You must take care of yourself."

"That man," the store attendant scowled after him, "has a camp, believe it of me, that is full of these bandits who raid the countryside. Ai-Quecks, Messieurs, more evil than the tigers. I do not advise that one goes."

Social Events

Newcomers Club Meet Wednesday

All members of the Newcomers club and their families will have a watermelon feast at Liberty park Wednesday night.

Anyone who has not been contacted is asked to call 4457 or 3089.

Picnic At Versailles

A picnic supper was held at the Versailles fairground park August 8th in honor of Mr. and Mrs. Chet Carpenter and daughter, Gloria Kay of Ponca City, Okla. Guests were: Mr. and Mrs. Harry Jeffries, Mrs. Pearl Kidwell and David Lee, Mr. and Mrs. Robert Kidwell, Mr. and Mrs. Kenneth Pepper, Mrs. Joe Cotton and Mr. and Mrs. Gerald Yarnell and daughter.

Reunion Held At Riley Home

Sister Mary Felicitas, C.P.P.S., of Cleveland, Ohio, is here visiting her parents, Mr. and Mrs. J. L. Riley, 1708 West Fifth.

Sunday the Rileys held a family reunion with the following brothers and sisters attending: Mrs. George Zeroweste, Mrs. T. E. Simon, Mrs. Hugh Wasson, David Hales and Mrs. A. J. Sanazaro of Maplewood. Other relatives from Kansas City and Ottumwa also attended the reunion.

Reunion

The reunion held August 5 at the home of Mr. and Mrs. Edward Fichter is an annual affair and such a reunion has been held every year since 1925.

Sedalian in Famous Unit

WITH THE 1st CAVALRY DIVISION, U. S. ARMY IN KOREA, (Delayed)—A Sedalia, Mo., Army man is on the frontlines serving with one of the most famous infantry regiments battling Communists in the Korean war.

Private First Class Bennie M. Carter, son of Mrs. Sallie Carter, 313 E. Johnson, Sedalia, is in the 1st Cavalry Division's 5th Cavalry regiment.

Carter's colorful unit splashed ashore in Korea in July, 1950. It was one of two regiments that completely crushed three North Korean divisions early in the war near Wae-gwan.

After UN forces had punched through Communist lines in September and rolled into North Korea, Carter's regiment made the historic October 19th capture of the vital North Korean capital city of Pyongyang.

More recently, the 5th Cavalry sent a task force against an estimated three enemy divisions pressing a French-American bastion at Chipung-ni. The regiment's armored-infantry force completely crushed the enemy threat, killed at least 2,500 Chinese and freed the encircled UN forces.

SPREADING THE NEWS—Shapely Vera Marks, 17, a student from Frankfurt, telephones the news that she has just been named "Miss Germany, 1951" at Baden-Baden. She plans a career in journalism. (NEA-Acme photo by Staff Photographer Hanns Jaeger.)

Longest Teletype Channel Opened

TOKYO, Aug. 13—(P)—The longest news teletype channel in the world opened on an experimental basis today when newspaper subscribers in Tokyo received the Associated Press report direct from New York, 9,000 miles away.

For just over one hour newspapers in Japan and the United States received the same stories at the same time. It was 2:15 a. m. EST in New York when the unprecedented service started that was 5:15 p. m. in Tokyo.

Japan and other Far Eastern points began receiving the AP report via radio teletype service from San Francisco yesterday. Today the circuit was connected in San Francisco with the main United States trunk line, or "A" wire.

The leading Japanese newspapers, such as Asahi, Yomiuri and Tokyo Shimbun, have been subscribing to a Morsecast report since the end of the war.

Thus, three weeks before the Japanese peace conference in San Francisco, newspapers of Japan joined the great world family of Associated Press newspapers with a direct link to the American wire network.

Even farther than Tokyo, the Osaka, edition of Asap, published 500 miles from the capital, was receiving news copy sent from Los Angeles, Atlanta and New York at the same time as editorial offices of the New York Times, or Herald-Tribune.

Ordinarily papers in the Orient will receive directly from San Francisco, but the hook-up to the American circuit will be available if world-shattering events would make it necessary.

Thumbs Down on Paris Decree

LOS ANGELES, Aug. 13—(P)—A top California fashion authority today said thumbs down to Paris' decree of hems down.

The word from Paris is longer skirts especially since Christian Dior came out recently endorsing the trend. That makes it official in the fashion-conscious French capital.

But G. Peter Rosenfeld, president of the California fashion crest, said his association will resist the trend.

"American women have the most beautiful legs in the world. Why hide them?" asks Rosenfeld. The industry association he heads does a \$500,000,000 annual business.

"Besides," he added, "Paris creates clothes only for those people who have nothing to do but dress up all the time. California clothes are functional."

During an interview, a Rosenfeld associate told how his wife bought a dress from a famed Paris designer but later found she couldn't sit down in it. Returning to the salon, she was told that the dress was not made to sit down with.

"That tells the whole story," commented Rosenfeld.

The Paris decree would have about 14 inches from the floor. Rosenfeld said such a length would look "ridiculous" on many women.

"American women have found the becoming length in skirts—about mid-calf. They will not change."

Cpl. Norman H. Fulton Promoted to Sergeant

Cpl. Norman H. Fulton, who is stationed at Ft. Leonard Wood, has been promoted to Sgt. of operation in the operation office of the 9th Armored Infantry Battalion CCA of the 6th Armored division.

He is the son of Mr. and Mrs. H. L. Fulton, 802 South Stewart, and entered the army in September of 1950. He received the promotion August 3rd this year.

Trailers For Flood Victims

The first shipment of an order of 1,500 house trailers is lined up in Chicago before transfer to Kansas where they will be used by families made homeless by the recent flood. The first twenty-five are scheduled to be set up in Ottawa, Kas., with a large number of others designated for Kansas City, Kas. (NEA Telephoto)

The Skipper Spins a Yarn

Capt. George C. Wright, skipper of the battleship Missouri, points to a circular plaque on the ship's dock, marking the signing of the Japanese surrender. Capt. Wright brought the "Big Mo" into New York harbor Aug. 9 with 1,000 Naval Reserve Officer Training Corps midshipmen. From left are J. R. Maxwell, Clarksburg, W. Va.; D. R. Snow, Drexel Hill, Pa.; J. L. Norris, Los Angeles, Calif.; C. D. Jones, Verona, Wis.; Capt. Wright; J. L. Lane, New York City; H. C. McGregor, Hollywood, Calif.; Bill Massey of Tulsa, Okla. and J. F. Mansfield, Manhasset, L. I., New York. (AP Mat Service)

Have New Dressing For Severe Burns

NEW YORK, Aug. 13—(P)—A new aureomycin dressing for burns is described as an "important step" in medical preparations for atomic warfare.

The dressing, disclosed yesterday by Davis & Geck, Inc., is a gauze bandage impregnated with aureomycin, a wonder drug, in an ointment base.

Davis & Geck said it would be valuable in atomic warfare, which would require treatment of large numbers of persons suffering serious infected burns as well as the prevention of infections in minor burns.

The firm, a unit of the American Cyanamid company, said clinical tests of the dressing revealed in a large number of burns cases that "burned areas improved sufficiently for grafting operations in an unusually short time."

Equalization Board of Appeals in Session

The county equalization board of appeals is in session in the county court room of the courthouse today and Tuesday.

The board is composed of the county and city assessors, the city mayor, the clerk of the county court and the members of the county court.

Venue Change in Suit for Damages

A damage suit for \$10,000 against the city of Sedalia, the Sedalia Water Company and Homer and Minnie Elam, 1501 South Vermont which was filed by Mrs. Ruth Jacks on April 5, 1951 was transferred to Morgan county in a change of venue granted by the Pettis county circuit court on August 10th.

The suit involves an alleged accident to Mrs. Jacks on January 20th, 1951 when the plaintiff states she fell into a water meter on the property of Mr. and Mrs. Elam and was injured.

Attorneys for the plaintiff are Bamberg and Bogutski.

Chester Wolfe is attorney for the city of Sedalia, Martin and Gibson are attorneys for Mr. and Mrs. Elam and Henry C. Salveter is attorney for the Sedalia Water Co.

The case will be heard before Circuit Judge Sam C. Blair of the 14th district at Morgan county at the next civil court term.

Congress Has Untried Ways to Add Revenue

(Continued from Page One)

ance committee—which begins closed-door hearings today—predict they'll come out with a smaller sum than that.

The fund's committee thinks that hiking personal income taxes is the best way to raise most of the \$16 billion it insists is needed. But it also suggests that Congress, as a preparatory move, start studying other taxes.

Book on "Financing Defense"

These are explained in a book the fund publishes today—"Financing Defense" by Albert G. Hart and E. Cary Brown, who teach economics at Columbia and the Massachusetts Institute of Technology, respectively. The taxes—which the authors discuss rather than recommend—are:

1. A spending tax. Unlike a simple sales tax this is a tax at progressive rates on each family's total spending. The more bills your family run up on you, the higher rate you would be taxed.

2. A net worth tax. This has tempting revenue possibilities, since the authors estimate that the American public is worth at least \$800 billion. People could be taxed on what they're worth rather than on what they make. The authors stress the difficulties of making this fair.

3. Tax on increases in personal income. This is a variant on the corporation excess-profits tax. It means that if you're making more this year than last, you'd pay in addition to the usual income tax another tax on the extra amount you're taking home this year.

The two economists estimate that the hump of defense spending either next summer or the following winter—will be at least \$84 billion a year. To meet it, they think personal exemptions on income taxes may have to go down to \$400 per capita and the first-bracket rate go up to 32 percent.

They call the personal income-tax "the movable core of economic stabilization policy." And they say that a "lowering of exemptions is a better way of uncovering more tax potential than is a general sales tax, and far superior to any other tax suggested."

But Senator Taft, the Republican leader, said yesterday that next year Congress may have to consider a federal sales tax to meet the cost of military spending.

In a report at the end of the book, the Twentieth-Century Fund's committee on economic stabilization says it would oppose a general sales tax unless:

1. It was excluded from the bases used for figuring escalator clauses for wages and farm prices (otherwise inflation would go on spiraling).

2. The tax is kept separate from the price of goods so that the purchaser knows how much the tax is.

3. Personal exemptions are provided. These exemptions would let every household buy tax-free a certain amount per family member, paying a sales tax-only on purchases above the exemption. The committee says this would keep a sales tax from penalizing the poor.

Donald John Ressel Developed Polio

Donald John Ressel, 11 year old son of Moses J. Ressel, 703 West Third admitted to the Children's Mercy hospital in Kansas City, on August 8, 1951 has been diagnosed as a polio victim.

Donald would have been in the sixth grade this year at Sacred Heart grade school.

His condition was reported as much improved and he is expected to be removed from the isolation ward next week.

Charles Ressel, a brother, died of polio a few years ago.

Aid Cost to the Disabled Mounts

JEFFERSON CITY, Aug. 13—

(P)—The cost of aid to permanently and totally disabled Missourians continued to climb last month, the state Division of Welfare reported today. In two other fields, old age assistance and aid to dependent children, the cost followed a months-long decline.

Here's the picture as shown by a comparison of July and June costs: Aid to permanently and totally disabled—July cost was \$393,547 in federal and state funds, up \$20,530. The number of recipients in July was 8,472, up 456 from the month before. The average July check was \$46.45, down 8 cents from June.

Old age assistance—July cost was \$5,695,555, giving 131,641 old persons an average check of \$43.27. That was \$2,427 less than the June cost when there were 131,748 pensioners getting an average of \$43.25.

Aid to dependent children—July cost was \$1,228,962, down \$11,459 from June. The number of children on the rolls last month was 58,710, down 486 from June. The average check was \$20.93 in July, two cents lower than in June.

Claim Distillers Hoard 'Hangovers'

BOSTON, Aug. 13—(P)—Liquor distillers are "hoarding hangovers" by packing their warehouses, the Women's Christian Temperance Union was told yesterday.

Mrs. Fred J. Toozee of Portland, Ore., national secretary, told the 77th annual convention of the WCTU that bonded warehouses now contain 901,106,000 gallons of whiskey and other spirits.

"This is a five-year supply at the current consumption rate," Mrs. Toozee added, "and the most gallons in warehouses since the nation began."

Motorcycle And an Automobile in Collision

A collision between a 1942 motorcycle ridden by Leonard Logan, route 1, Sedalia, and a 1921 Chevrolet coach driven by C. L. Prewitt of Chillicothe, Mo., occurred at the intersection of Broadway and Missouri today at 12:09 p. m.

Logan said that he was going east on Broadway when the collision occurred. Neither of the men received injuries.

Both were charged with careless and reckless driving and posted \$25.00 cash bonds each to appear in police court Tuesday morning.

NOTICE OF PUBLIC HEARING ON REZONING APPLICATION

Whereas the Zoning Board of Adjustment and the City Council of Sedalia, Missouri, have received application from: Ira L. DeJannette, of 300 South Barrett Avenue, Sedalia, Missouri, owner of the following described real estate: All of Lots 4, 5 and 6, North 8 feet of Lot 7, South 22 feet of Lot 8 and 9 of Lot 9 in Block 2, of West Side Addition, an Addition to the City of Sedalia, Missouri, requesting that said real estate be changed and rezoned from:

Zone "A" (One family dwelling) to Zone "B" (Four family dwelling) and that said application be acted upon as provided in Ordinance No. 3034; therefore, in compliance with Sections 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, OBITUARIES

Mrs. Hattie H. Hinman

Mrs. Hattie Haworth Hinman, widow of John M. Hinman, died at the Bothwell hospital at 2:15 a. m. today. She had been a patient there nearly four months.

Mrs. Hinman was born in Moberly, Mo., March 8, 1875, the eldest daughter of the late Daniel F. and Susan Tiller Haworth, and lived all of her young life in Moberly where she was active in social and church affairs. She was an early graduate in piano of Prof. Johannes Goetze playing the piano in his orchestra for five years, and one of the first members of the Moberly Music club and was pipe organist at both the Central Christian church and the Episcopal church in Moberly. Her early home in that city was at 118 South Fourth and later she lived at 504 South Fourth where she was married on February 14, 1910 to John Morgan Hinman, a native of New York.

Mr. and Mrs. Hinman lived in Sedalia most of their married life where they enjoyed much of its social life and were active in the Calvary Episcopal church. Mr. Hinman was head of the supply department of the Missouri Pacific railroad in Sedalia. He preceded her in death on November 27, 1939.

Mrs. Hinman resided for 30 years at her home, 416 South Grand in this city. She was a member of the Helen G. Steele Music club, the Nurses Aide and the church auxiliary.

Surviving are a brother, Harry Haworth, of Sedalia, a sister, Mrs. T. A. McCully of Moberly and a niece, Mrs. L. E. Rehganer of Sedalia. Also surviving are four nieces and nephews, eight great nieces and nephews, a great niece and great great nephew.

Funeral services will be held at the Calvary Episcopal church at 10 a. m. Tuesday with the Rev. Edward Sims, rector of the church, to officiate.

The body will then be taken to Moberly where a second service will be held at the Mahin funeral home in Wednesday.

Burial will be in the Oakdale cemetery at Moberly.

The body is at the McLaughlin chapel where it will remain until the hour of the funeral.

Mrs. Carrie Warren
Mrs. Carrie Warren, aged 72 years, of 1510 South Monteuau, died at 5:15 p. m., Sunday following a long illness.

Mrs. Warren was born near Sedalia August 19, 1879 the daughter of the late Mr. and Mrs. Fillmore Elliott, pioneer Pettis county residents.

She was married to Jesse Warren, of Sedalia, in October of 1897, who preceded her in death in 1931. A daughter, Miss Mary Warren, died in 1930 and a son, Roy Warren, in 1931.

Mrs. Warren was a member of the Fifth Street Methodist church and up to the time of her illness was one of its regularly attending and active members.

She was a member of the Order of the Eastern Star, Chapter No. 57.

Two sons, Rex Warren, 1002 1/2 South Ohio, and Ike Warren, 1009 West 3rd, survive her, also one sister, Mrs. W. E. Allen, of Denver, Colo., two grandchildren and three great grandchildren.

The body is at the Gillespie funeral home where funeral services will be held at 2 p. m., Wednesday.

The Rev. Lee F. Soxman, pastor of the Fifth Street Methodist church, will officiate. Pallbearers will be Ralph W. Dow, Jr., J. R. Henderson, Milton Matthews, Clyde R. Pitt, Vest and C. L. Elliott.

Burial will be in the New Bethel cemetery south of Sedalia on highway 65.

Funeral of Mrs. Yost
Funeral services for Mrs. Elizabeth Allcorn Yost, wife of Wallace Yost of St. Andrews, Fla., formerly of Jefferson City, who died Saturday morning August 11, according to word received by her sister, Mrs. C. E. Garrett, route 1, will be held Wednesday August 15 at the Goodwill chapel at 2:30 p. m. The Rev. Ralph Hurd will officiate.

Nephews who will serve as pallbearers are: Ray Dietzfeld, Raymond Garrett, Ellis Garrett, Leigh Allcorn, John William Allcorn and Richard Arbuckle.

Burial will be in the Crown Hill cemetery.

The body will arrive in Sedalia at 12:15 p. m. on the Missouri Pacific railroad. The body will be taken to the Gillespie funeral home.

Would Use Bomb 'All Way to Moscow'

WASHINGTON, Aug. 13.—(P)—Rep. Rivers (D-S.C.) says the atom bomb should be used "from the 38th parallel all the way to Moscow" if Korean cease-fire talks fail.

He is preparing a message to President Truman on the subject, he announced last night.

"It seems to me we have no other choice if the Communists break up the peace talks by demanding impossible things," Rivers said.

Miss Juanita Berry accompanied by her niece, Miss Barbara Berry, left Friday for a two-week visit with friends and relatives in Long Beach, Calif.

Screams And Horn Honking in Fear Brought Aid

John Miller, 613 South Engineer, decided it was about time to go to Richmond and bring his wife home after reading the following article in the Saturday's Richmond News.

"Mrs. Robert Wells and daughter, Mrs. John Miller of Sedalia, who is visiting her, became almost petrified with fear when they started for a shed for chicken feed Tuesday and there in the path lay a big rattlesnake.

"They were afraid to leave it for fear it would get away, so Mrs. Wells screamed and Mrs. Miller screamed and honked the car horn, hoping that neighbors would hear and recognize that something was wrong.

"They did! For more than a mile away.

Correct Soil Samples For Proper Test

Several of Same Amount For The Best Results

To get what you want in your soil tests you must bring in correct soil samples. The test now the recommendations can't be any better than the samples.

When you bring in 3 gallons of dirt for a "composite" sample you likely will have a sample that does not represent the field as well as when the sample is about 1/2 pint or a cup full. If the large sample of 3 gallons or even a gallon is brought it has to be reduced down to a small quantity. It's extra work and less accurate to reduce this at the laboratory than if the sampling was done right and the cup full is brought in.

The term "composite" used above means a mixture of several individual samples. Now the amount of dirt in each individual sample to make a composite sample should be the same quantity. Suppose in a field of 5 to 10 acres or so you take 2 individual samples to mix together to make the composite sample. Suppose you take a half gallon of soil from one spot that a year or two ago had some manure dropped on it. Now suppose you take one other small sample, say a half cup full. Now you mix these samples together. What is the result? Suppose the organic matter in the manured area is 4 per cent and use 10 times as much soil as from the other sample with say 2 per cent organic matter. The composite test would show a test of about 3.9 per cent. This large sample with a high test might represent only one-tenth or less of the whole field. Hence, you don't have an accurate report. The actual amount of organic matter on the average would be in this extreme case only slightly over two per cent.

Obviously this is an extreme case but it illustrates the necessity of proper sampling.

1. Get several individual samples of the same amount.
2. Mix these thoroughly.
3. Take a cup full of this mixture.
4. In each sample go 7 inches in the ground being certain that you get the same amount of soil from the top one-third and the center one-third and bottom one-third.

5. Get a composite sample made up of 4 to 10 individual samples (depending upon the acreage recommended).
6. Get a composite sample from each area — by area we mean where the soil type is the same, degree of erosion the same, soil treatments for past 5 years similar, crops produced and handled alike, etc.

The laboratory at 118 1/2 West Third street is equipped and operated now so that you, during this period, don't have to wait long to get the test.

Congress established the U.S. Coast Guard Academy at New London, Conn., in 1876. First sheep in America are said to have been introduced into Virginia about 1608.

If you want to buy, sell, rent or trade, use the Democrat class ads. Phone 1000.

Permanent Pasture

This is the permanent pasture on the John Ryan farm that was seen on the Balanced Farming Tour July 17th. It had not been pastured for 30 days and was knee high. John (center with straw hat) is telling some of those attending of having 40 yearling steers on the 15 acres for 2 weeks in June. It was estimated that the 15 acres produced 212 lbs. of beef per acre (\$63.50 per acre at 30c per lb.) in the first 8 weeks it was pastured. The cost of lime, fertilizer and seed was about \$40.00 per acre but these applications will last from 6-10 years with normal weather conditions.

Pasture Feed as Milk Producer

Dairymen who fail to get rye or barley seed this month likely will miss a good bet, says the Extension Service.

"Pat" Regan, Dairy Extension Specialist of the Missouri College of Agriculture, says pasture is the cheapest milk producing feed we have. When you grow plenty of it, it produces more feed than any other type of roughage. Well this isn't new, but still there are many cases where there is not enough of it.

The feed value in pasture will cost you less than a fourth as much to produce as will the same feed value in grains. It will cost little more than half what the same feed value would in hay and less than a third of what it would cost in silage.

Pasture will be especially valuable this year. In the flooded areas farmers just need feed—lots of feed. In the hill land where farmers didn't get all the hay up they need it with the hay. In both cases, fall pasture is the best bet.

The number who are improving pastures by liming, fertilizing and seeding an adapted grass such as Bromes, Orchard Grass or Fescue with Ladino is increasing, yet this is a slow process. Hence, many if not all still need this fall seeded small grains for pasture.

There are two of these—and only two—we recommend. They are barley and rye. Balboa rye is one of the best pasture grasses. On limed land with good drainage heavy fertility with fertilizer or on land fertilizing according to the needs of the soil will in these cases barley is good. Barley has the advantage of producing a good grain crop if not needed for pasture all spring.

These crops—rye or barley—for pasture should be seeded between August 15 and September 1. Every day you wait after August 15 to seed these crops you lose about one percent of the fall and winter pasture.

You'll get better pastures, Mr. Regan tells us, if you seed it cross ways, i.e. seed half the grain one way then seed the other half the other way. This cross seeding, of course, is not adapted to terraced land. If it is done on unterraced land, make the second seeding on the contour.

Time For Dirt Moving Now

Prepare now to meet next year's national defense needs for farm products by completing the dirt-moving practices planned for 1951 under the Agricultural Conservation Program, Robert W. Rissler, Chairman of the Pettis county Production and Marketing committee, advises Pettis county farmers.

In many instances, Rissler points out, the completion of these practices will result in increased yields next year. Also they will help prevent losses of soil and water needed to produce next year's crops.

With the call for ever-increasing yields to meet growing military requirements and mounting civilian demands, these conservation measures are needed as a means of stepping up yields as well as to protect the land against erosion and depletion.

Terraces completed this year will hold moisture and check runoff and erosion. The moisture held back by these terraces could be the means of greatly increasing yields in the event of dry weather during the growing season. The same is true of other conservation practices. The dams which have been planned for completion under this year's ACP will have to be completed to be of value in producing the food next year.

Such Group I practices, which include the dirt-moving practices and permanent pasture improvement, are given special assistance through the 1951 ACP and farmers participating in the program who plan to perform any of these practices this fall should contact the county committee to arrange for approval of funds for assistance thereon.

Where farmers are depending on contracting for dirt-moving equipment to complete those construction practices, arrangements should be made early to assure getting the job done and for more orderly scheduling the use of heavy equipment.

Rissler suggested that arrangements also should be made for necessary technical assistance in laying out and checking on the construction in carrying out this type of practice. Arrangements for this assistance may be made through the County PMA Committee.

Ambulance Service Ph 8 Adv

Good Pastures Produced by Fertilizing

Better Feed by Improvement on Large Acreage

Under the 1950 Agricultural Conservation Program, 56 Pettis county farmers carried out the pasture improvement practice on 436 acres according to the Pettis County PMA committee. This practice included the preparation of a good seed bed, the application of limestone, phosphate and mixed fertilizers, the seeding of a balanced legume and grass mixture, and controlling grazing until a good sod is established.

During the spring seeding season 26 Pettis county farmers performed this pasture improvement practice on 223 acres. ACP assistance has been approved on all except 10 acres of the total 223 acres seeded. The county committee has also approved assistance to 35 additional farmers in the county who plan to seed approximately 650 acres of pasture during the fall seeding season. The average total cost of seeding these 373 acres to pasture which will produce a balanced and nourishing feed over a longer grazing season is \$28.810. Assistance approved through the 1951 Agricultural Conservation Program to establish and improve these pastures is \$10,476.

Control of Erosion

The Pettis County Production and Marketing Administration committee explains that since the establishment of a good sod is one of the best means of controlling erosion and of building up organic matter in the soil, these pasture improvement practices are making a substantial contribution to protecting and strengthening our soil resources and the country has the assurance of continued abundance for our farms.

The committee has found through experience and results from previously seeded pasture plots that it is advisable to plow the field to be seeded to pasture and if rock phosphate is to be applied, this should be plowed down in the operation. They advise the application of limestone after plowing and working this into the seedbed during the disking and harrowing operations. A top dressing of mixed fertilizer should be applied with the seeding operations to provide immediate plant food for the new plants during the early growth period. Five different grass and legume mixtures have been selected which will provide a well balanced diet for grazing and if followed should provide a pasture which will not cause bloat in stock. Anyone of these five mixtures may be selected by the participating farmer in accordance with the type of pasture desired and type of soil on which the seeding is being made.

The committee suggests farmers interested in this practice check up on some pasture plots over the county which have been seeded during the last couple of years and learn from the farmer himself the results in quality and quantity of feed obtained from his pasture plot and then contact the county committee to learn what assistance could be approved for such a practice to be seeded on his farm this fall. The month of August is the time to start preparation of the seedbed for best results.

Notes On Balanced Farming

Merle Vaughan

We finished last week's column with the names of 2 new members for 1952, Frank Sellers of Route 5 and W. P. Root whose farm adjoins Ernest Jones Northwest of LaMonte. To these I want to add two more memberships. Don Lamm and Son and Ralph Carrell, both of Sedalia.

B-F-N

Last Friday morning I helped Billy Ficken of Smithton stake contour lines on 7 acres for alfalfa. His sister, Joan, plowed out the lines with the tractor as they were staked. Billy is operating the farm in partnership with his dad since his graduation from High School this spring. The Fickens plan to fertilize this field according to soil test and 1200 lbs of raw phosphate per acre was applied previous to plowing.

B-F-N

The same morning I visited with Charles W. Finley of Sedalia Route 2 who plans to build some of his own terraces this summer. Mr. Finley has had 3 terrace outlets built, 15 acres terraced and 2 ponds built in the last year. He just moved to the farm 2 years ago and his first effort was in modernizing the home.

B-F-N

John Van Dyne who bought the George H. Trader place north of Sedalia is working a 6 acre field on the contour in preparation for permanent pasture this fall. He also plans to seed 5 acres of alfalfa. Six soil samples were taken there recently including one from the field to go to pasture. Adding these to the 5 fields already tested for Mr. Trader, there are only one pasture and one crop land field not yet tested.

B-F-N

Arnold Fischer, local terracing contractor, reports building a terrace outlet and terracing a 10 acre field at Don Lamm's, an outlet at Bud Sneed's and 2 outlets and 3500 feet of terraces for Job Harned.

Another contractor, Jack Fischer, recently finished terracing 40 acres at Dr. D. P. Dyer's, and building a pond and a terrace outlet at R. M. Gorrell and Son.

B-F-N

Milo Homan of Smithton was recently assisted with contour lines on a permanent pasture. He also plans to build a good pond just back of his barn to supplement his water supply.

B-F-N

Raymond and W. C. Askew are following the recommendation of the Extension Office in fertilizing a 10 acre field for permanent pasture. These recommendations were based on a soil test made in the local soil testing laboratory. The mixture seeded will probably be tall fescue, ladino clover and timothy.

The Askews are also following recommendations in the heavy fertilization of a 20 acre rye field which they hope will supply grazing for their 35-40 milk cows this fall.

B-F-N

Several members have been bothered with garden webworms in their beans and alfalfa. These worms are about an inch long, are light green in color and have 3 black spots on each side of each segment. Fairfax Brothers had the misfortune to lose several acres of soybeans to them. The recommended treatment is to spray with 1/2 gallon of 25% DDT emulsion in 10 to 100 gallons of water per acre when the hay is not to be used for dairy cattle feed. When it is for dairy cows the treatment is 1/2 gallons of 25% toxaphene per acre. Another brood that will do damage to new ladino clover and new

alfalfa is anticipated about September 1.

B-F-N

Frank Sellers is planning a pond that will water his 3 hog pastures. Norman Gibson of P.M.A. and I staked it Saturday. Frank already has his red clover in one of the fields and hopes to go there with his fall pigs this fall. He is also planning on the hog waterer forms soon to be built by the Farm Bureau to put a waterer in each field.

F-F-N

Olen Monsees recently brought in several soil samples to be tested. Two of the fields in question will go to alfalfa.

B-F-N

I hope to keep up with the new member farms as signed and have gone over the Lamm and Root farms with Mr. Lamm and Mr. Root respectively. I plan to get the Carrel farm this week.

Since we did not have a full Association this year we can give a limited amount of time to new members before October 1 which is the start of the new year.

Present members ready for help should get in touch with me by phone or letter.

Suggestions as To Fertilizing

Farmers of this area are realizing more every year somewhat more fully the value of the right use of fertilizer including the use of the correct amount of each plant food. Many, however, have not caught the vision of the practicability of building the fertility for 80 to 100 bushels of corn and other crops in comparative high yields, says Roy L. Coplen, county extension agent.

The following suggestions are given based on information prepared by John Falloon, Soile Extension Specialist, University of Missouri, College of Agriculture. The supply of fertilizer this fall will be high perhaps adequate, yet much of it will be what you don't want. For example some of it will carry about 20 pounds of plant

PUBLIC SALE

As I have sold my farm, I will sell at public auction my property located on my farm 8 1/2 miles west of Sedalia on the 16th Street road, less than 1/2 mile east of the Walnut Branch Church, on

FRIDAY, AUGUST 17th - 1:00 P.M.

- 1 John Deere 1931 G. P. tractor
- 1 John Deere 2-bottom 14-in. tractor plow
- 1 Hoosier 12 hoe wheel drill with fertilizer attachment
- 1 Thresher
- 1 Disc
- 1 Rake
- 1 2-section drag, good
- 1 Walking cultivator
- 1 John Deere planter with furrow openers
- 2 Wagons - 1 with box and scoop endgate
- 1 Saw frame with 28 in blade
- 1 30-inch rip saw blade
- 1 20-ft. endless belt
- 1 Large grind stone
- 1 Endgate seeder
- 1 2x5 ft. steel water tank, good
- 1 Barrel rack and 4 good 50 gal. steel barrels
- 1 Lot of feed barrels
- 1 New hog trough
- 1 6-gal. meat crocks
- 100 Pounds 1800 lespedeza seed
- 1 Grapple fork for loose hay
- 1 Set block and tackle, 30 ft. 1/2 inch rope, some old machinery for junk
- 1 Sickle grinder
- 1 Dozen Buff Rock hens
- 1 Stephens 16 gauge single barrel shot gun, perfect shape
- 1 Shallow well pump with cylinder and 10 ft. pipe, all new
- 2 Horses, smooth mouth
- 1 Set heavy harness and collars
- 1 Heavy duty blacksmith vise, drill press, forge and anvil
- 1 150-ft. roll of 1 inch mesh by 36 inches wide, new, poultry netting
- 1 5-gallon poultry waterer with base and heater lamp, new
- 1 2 1/2-gal. Hudson pressure spray pump, new
- 1 1931 model Montgomery Ward garden tractor Choro-Trac, 3 H. P. with 8 in. plow, 30 in. sickle bar mower and 2 way saw attachment.
- Many hand tools and articles too numerous to mention.

Nothing to be removed until settled for. Terms Cash. Not responsible for accidents.

Additional Farm News On Page 7

food per hundred pounds such as 2-1-6 or 5-12-4. This fertilizer is good but costs more per pound of plant food than 4-24-12 or 8-24-8. Even those higher analysis fertilizer may not carry the plant food in the proportions you need as shown by soil tests and experience.

What this leads up to is to find out right soon what your soil needs and give your self time to locate what you want at the least cost of money and labor and hence, get big yields at the lowest cost.

Buying fertilizer early is not hoarding. The sooner you get it on your farm the easier you make it for the manufacturer to produce more.

You'll be hearing about "fertilizer conservation." It's a good idea in times like this. But fertilizer conservation doesn't mean using less. It means using it to get the most good. So use it all you can get, but use it wisely.

The best way to use it wisely is to follow your soil test and don't buy a fertilizer high in some material your soil doesn't need.

Mystery Farm Pictures in Central Missouri---

Is this your farm?

Most of the readers of the Democrat-Capital have been fol-

lowing this series of the weekly Mystery Farm pictures with considerable interest.

The pictures that appear in this

space in Monday's Democrat and Tuesday morning's Capital were taken sometime ago by an aerial photographer. The pictures were

not shot with the knowledge of whose farm it was. It was a random job, a picture here and a picture there.

Chiefs Will Meet Miners At Boonville

Playoff for Second Half Title; Columbia Beat Boonville 5-0

The Sedalia Chiefs play the Moberly Miners at Boonville, 8:30 o'clock tonight for the championship of the season's second half of the southern division of the Central Missouri Ban Johnson league. The two teams tied at the end of the last half's season's play with eight victories against two losses.

Poor Shut Boonville Out
Winner of this game will have to play the Columbia McKays for the season title. Columbia in a game with the Boonville Lions Sunday night defeated the Lions 5-0, "Lefty" Poor getting another shutout.

Poor has handcuffed the Chiefs twice the past season and his team took over those two wins by 5-1 and 7-5 scores.

Tonight the Chiefs and Miners are starting off on an even keel, each team has two wins over the other.

Imhauser to Pitch
Manager Joe Imhauser has selected pitcher Joe Imhauser to start on the mound for the Chiefs tonight with Lobby Brown as his relief. These two hurlers have been doing a great job for the Chiefs and they are confident they can handle the Miners tonight.

The Miners' mound duty will go either to Kellogg or Iverson, the actual starter has not been named.

The Chiefs will meet at the Cal Rodgers service station from where place they will leave for Boonville at 5:00 p. m.

Cheering Fans to Honor Feller

CLEVELAND, Aug. 13.—(P)—Bob Feller steps up to home plate in Cleveland Stadium tonight to be honored before cheering fans—many of whom booed and cried he was "washed up" only two years ago.

The 32-year-old dean of the Cleveland Indians' pitching staff then goes to the mound against the Detroit Tigers. The first major league hurler this year to win 18 games, he's beaten the Tigers all three previous times he pitched against them this campaign.

But characteristically, Feller's worrying about winning—about keeping Cleveland in the American league lead and extending the team's longest winning string of 10 games.

"I hope I don't louse up the night with a bad pitching performance," was his first reaction to a night in his honor.

The re-game ceremonies will be simple—lasting only about 15 minutes. From the Cleveland baseball club, his employer for 15 years, he will receive an inscribed silver coffee service. From the baseball writers, he and the fans will get a one-page newspaper detailing the highlights of his illustrious career. And then, from the fans he's thrilled—and sometimes disappointed—he will be given a mighty cheer.

And the crowd will cheer louder than ever tonight because they remember that when Bob couldn't get any heat in the old fireball, couldn't seem to get anyone out, and threw a lot of hot run pitches—in those days he took the boos like a man. He didn't alibi. He didn't throw his glove or show the emotional storm he must have felt within. He just tried harder the next time and a skill and superb control came to replace the speed that wrote baseball history.

Golf Clinic Held At Public Course

Over 100 attended the Golf Clinic, which was held at the Elm Hills golf course Sunday, August 12. Mayor Herb Studer was master of ceremonies.

Other leading golfers who attended were: Charles Patterson, Gentry Patterson, Bernard Stanfield, R. Warbritton, T. Maloney, Dick Rein, Walter Hampson, Milt Henlein and C. DeLozier. Mrs. L. H. Hodges gave a demonstration for the ladies' golf clinic and C. Fieg and Dick Rein demonstrated for the men—how not to hit the ball and then how to hit it.

After the clinic a movie was run consisting of a film showing Sammy Sneaw, "Babe" Zaharias, Lloyd Mangrum and other top golfers.

Birthday Gift To Hogan Of \$12,500

'World' Tourney Champ Greatest Drive-Player

CHICAGO, Aug. 13.—(P)—Little Ben Hogan, the man who dodged a rendezvous with death two years ago, today celebrated his 39th birthday with a \$12,500 present as "world" tourney champion and recognition as the game's greatest stretch-drive player.

Hogan yesterday virtually duplicated his heroic victory finish in the U. S. Open last mid-June as he erased a five-stroke deficit on the final round to win by three taps at 15-under-par 273 in the \$50,000 "world" at Tam O'Shanter's gaily bedecked course. Ben's roaring, six-under-par 66 demoralized his good fairways friend, Jimmy Demaret—the stout 54-hole leader—who floundered to a closing 74 for second place 276 and a \$7,500 prize.

Much has been said about the ability of Hogan to come back after the 1949 highway smash-up that nearly claimed his life.

Swim Meet by Scouts Tonight

Scouts from the Lake of the Ozarks Council will meet tonight at the Liberty Park Pool at 7:30 p. m. for the annual swim meet. Troops are expected from Jefferson City, Marshall, Sedalia and surrounding communities.

Benches will be provided outside the swimming pool for those interested in watching the 21 event activity.

P. A. Sillers, pool manager, has announced that the pool will be closed to the public during the swim meet.

Legion Club Defeats The Moose 9-8

Post 16 Club in Fifth Inning Scored Seven

The Post 16 American Legion was out for revenge Sunday night and found it by beating out a 9 to 8 victory over the Moose club. The game was played at Liberty Park. Several present and former Ban Johnson players were among the Moose line up. John Cochran, Broadus, Morgan present Ban Johnson players and McCarty, Bob Ray, Ralph Walker, Leon Nold, all former players.

The Moose club first drew blood in the first inning, scoring one run, two in the second, one in the third, two more in the fourth, and one in the fifth and sixth.

The Post 16 team came back to score one in the second and one in the third and in the fifth they scored seven runs. In the fifth, Bartlett reached first on a ground error to shortstop, Dey, singled to center. Mines reached first by error. Floyd Burton then beat out an infield hit scoring Bartlett. Thomas fled to center. Williams then singled to score Day. Miller singled to right, Fall doubled to score Mines and Floyd Burton. Lane grounded out. Bartlett singled to center to score Williams. Dey again singled to score Miller and Fall. Mines ended the inning by striking out.

Billy Dey, the Post 16 leftfielder, led his team with four out of five, and Ray led the Moose club collecting three out of five. Jim Fall started for the Post 16 team and Billy Arnold relieved him in the seventh. Hayden started for the Moose club and gave up to Ralph Walker in the seventh. The Post 16 collected 12 hits and the Moose club five hits. Mines did the receiving for the Post 16 team and John Cochran and Nold for the Moose club.

Moose club.....121 211 000-8 5 5
Post 16.....011 070 00x-9 12 9

Winning pitcher, Fall. Losing pitcher, Hayden. Umpires Steele and Ryan.

Tuesday night at Liberty Park the Post 16 team will meet the Knob Noster team at Liberty Park. Game time 8:00 p. m.

The Post 16 team is sponsored by the W. A. Smith Motor Co.

Rickey Lauds Murry Dickson

By Gib Staley

PITTSBURGH, Aug. 13.—(P)—"He's an old pro—he's like an oasis in a desert."

That's Branch Rickey talking about Murry Dickson, the one-man pitching staff of the National League's last place Pittsburgh Pirates.

Rickey, who came here as executive vice president and general manager of the hapless Bucks, fairly bubbled with adjectives about Dickson's 1-0 shutout over the Chicago Cubs in the first game of yesterday's twin bill.

The fact that the Pirates lost the second game 6-0 didn't seem to bother the Pirate bossman, who's accustomed to defeats by now. He just wanted to talk about Dickson whose five hit masterpiece gave him 16 wins against 10 defeats.

The most games Dickson won in any previous season was 15 for the St. Louis Cardinals in 1946.

With the probability he'll get at least eight more starting assignments for the Bucs, he has a chance to become one of the few pitchers who ever chalked up 20 wins for a last place club.

"I'll bet Murry will win 20, all right," Rickey said. "He's got the stuff to do it if anybody has. Sure, he's handicapped by a poor defensive team but he's an old pro, that fellow. He knows his way around."

If Murry hits the 20-game mark and the Pirates wind up in the cellar, he'll be the first National League player to perform the trick since Bob Wicker did it for the St. Louis Cardinals in 1903.

Dickson, 34, came to the Bucs from the Cards for a reported \$125,000 in 1949 when he won 12 and lost 14.

Proposes Life Suspension

KANSAS CITY, Aug. 13.—(P)—A representative of the Missouri Boxing Commission has disclosed he recommended life suspension for boxer Cecil Hudson, who is accused of taking a dive in his July 11 bout in Kansas City with Rooky Graziano.

The representative, Randall Jesse, told of his recommendation yesterday in answer to a statement by Commission Chairman Charles P. Orchard that he thought a \$500 fine and indefinite suspension was too stiff a penalty for Hudson.

Jesse conducted a hearing immediately after Hudson was knocked out in the third round of a scheduled 10-round bout.

"To a man," Jesse said, "the sports writers, deputy commissioners and spectators at the ring-side were of the opinion Hudson took a dive."

"I recommended to Chairman Orchard in a letter the day following the fight that the indefinite suspension recommended for Hudson be increased to a life suspension. The conduct of Cecil Hudson was, in my opinion definitely detrimental to the best interests of professional boxing."

Cardinals Win 4-3 Over the 'Cincy' Reds

Indians Have Game And Half Lead on Yankees

By Joe Reichler Associated Press Sports Writer

Cleveland's Indians stood alone atop the American league today, enjoying a game and a half lead over the New York Yankees—and all along the circuit they were whispering, "poetic justice."

That's not what manager Casey Stengel of the Yankees believes, though.

"We were the victims of rotten luck," he said. "Nothing more."

Stengel was referring to yesterday's second game 7-4 loss to the Athletics in Philadelphia. The A's also won the opener, 9-5, to sweep the doubleheader from New York.

The double loss, coupled with Cleveland's 7-1 triumph over the Chicago White Sox, for their 10th straight win, snapped the Yankees' Indians first place tie.

The Yankees actually had a 9-7 lead following a five-run rally in the top of the eighth when play was halted and the score reverted back to the seventh inning. Pennsylvania has a Sunday 6:00 p.m. (EST) curfew law. Since the Athletics did not bat in their half of the eighth, the Yankees' five runs were wiped off the records.

The Yankees' sorry plight brought to mind a game played between the Yankees and Chicago in New York July 27. The Yankees led, 3-1, as the White Sox went to bat in the ninth. Chicago tallied three times to go ahead 4-3 but rain intervened and after an hour's wait the umpires called the game.

The score reverted to the end of the eighth. That made the Yankees the winners.

Poetic justice? Perhaps. Boston's third-place Red Sox regained their winning ways, sweeping a pair from Washington by identical 6-2 margins.

The Detroit Tigers scored a 2-1 victory over the St. Louis Browns. Don Newcombe pitched Brooklyn to a 7-2 victory over the Boston Braves but the Dodger's first-place lead in the National was reduced to 12 1/2 games as the runnerup New York Giants swept a

Schnider of Warsaw Wins Jalopy Race

Meet Sponsored by Tipton Legion at Syracuse Track

Eddie Schnider, driving under the sponsorship of Butcher's Sinclair Service Station of Warsaw, brought his number 32 Ford around the Syracuse oval in first position to capture his second win of the day and \$180 in prize money at the Tipton American Legion Jalopy races Sunday afternoon.

Schnider had just previously won a 10 lap event before going into the 25 lap main show.

Other winners of the main race were: Jack Dickerson, who took second in number 11, belonging to Jim Panish and himself; third place was taken by the Hainen Motor Co., of Tipton with Benny Hainen driving.

Along with the main event two 10 lap races were held with the following winners: in the first lap; first, Woody Carpenter of California driving number 66; Ozarks Motors Co., of Versailles with the driver bringing his number 97 in second; third, Johnnie Turpin of Tipton driving number 44. In the second race the winners were: first, Eddie Schnider; second, Greer Motor Co., of Lebanon, whose number 98 gave Schnider a close run in the main event; and third, Jack Dickerson, number 11.

The Ottaville Boots and Saddle club put on an exhibition during the racing performances, which was well received by the crowd.

The Putnam-Gaberts wrecker of the Chevrolet Garage in Tipton and the Woonen Service Garage wrecker were both on hand to clear the tracks of several spills. The ambulance from the Conn funeral home in Tipton and Allyn ambulance of Versailles were both located on the grounds in case of a bad accident.

Attending the show besides the Ottaville Boots and Saddle club was the Stover Lion's club band, which played several selections during the time between the races.

The race had 19 entries and \$500 was awarded in prize money.

September 2 another jalopy race will be held at the Syracuse oval with other special features such as a wagon race.

The promoters of the races said the drivers did a grand job and co-operated in every way. Most of them said they would return for the September races to try for the high stakes to be awarded in this affair.

Bowling Association To Meet on Tuesday

Plans for the 1951-52 bowling season for the City Bowling Association are to be drafted at a meeting to be held at 7:30 p. m. Tuesday. The meeting is to be held of the B. P. O. Elks home, Fourth and Kentucky.

Members of the bowling association since its inception several seasons ago are all requested to attend this meeting. The association officers have also invited all bowlers not members of the association to attend as an over-all picture of bowling for the year will be discussed.

Webb Eastern Missouri P. G. A. Golf "Champ"

ST. LOUIS, Aug. 13.—(P)—Gene Webb, a St. Louis professional, is the new eastern Missouri PGA match play open golf champion.

Three down at the halfway mark in his finals match Saturday, Webb put on a fast finish to trim Howard Zachritz of St. Louis, 4 and 3.

Zachritz, an amateur, was the defending champion.

twin bill from Philadelphia's Phils, 3-2 and 2-1.

The St. Louis Cardinals overcame a 3-0 Cincinnati lead to win 4-3. Pittsburgh and Chicago swapped shutouts. Murry Dickson hurled the Pirates to a 1-0 triumph over Joe Hatten in the opener. The Cubs retaliated when Paul Minner blanked Pittsburgh, 6-0, in the nightcap.

Teen-Age Blues Defeat Knoop 5-1

The Teen-Age Blues defeated the Knoop's Ionia Goosers, 5 to 1, in a game Sunday afternoon at Housel Park. It was a nip-and-tuck affair up to the eighth inning when the Blues scored three runs to put the game on "ice."

It was the seventh straight victory for Jack Barnes pitching for the Teen-Agers. He allowed 3 hits, on a long triple by Bahrenburg and allowed four walks while striking out 10. Lees received for the Blues.

Swisher went the route for the Ionia aggregation, giving up 7 hits and not more than two any one inning. Bahrenburg was behind the plate for Ionia.

Wiley Walter and Jack Barnes each had two hits for four trips to the plate, while Lees hit one double.

Lineup for the Blues was: D. Higgins, 1b; Wall, 3b; Watson, ss; Joe Walter, lf; W. Walter, rf; Lees, catcher; J. Higgins, cf and Hickman 2b.

For the Knoop's Goosers: Hesse, cf; Crenshaw, lf; Smart, 2b; Knoop, c; Harvey, 3b; Bahrenburg, c; Brown, 1b and Heisterberg, rf.

The Blues will hold a practice session Wednesday evening.

More Cattle in The Corn Belt

There are nine per cent fewer cattle in the corn belt this summer than there was a year ago. This lower number exists in feed lots in spite of the fact that farmers in January reported they planned to feed about five percent more than last year.

"Actually farmers have about 14 percent less than they planned on January 1. The cause of this reduction is probably the uncertain prices for fat cattle or the cullings and roll backs," says Clarence Klinger, Extension Economist, University of Missouri.

Increase in price of feeder cattle contributed to fewer numbers on feed. Feeder calves are up as much as six dollars per cent. The feeder price may go down, but it is expected to stay higher than last year.

There are two plans that will probably pay off. One is to buy heavy steers and plan on feeding them into a higher grade. You could buy "good" steers and feed them out to "choice".

Under price ceilings packers are allowed to pay more for "choice" than for "good," and that's your profit.

Klemme to be Picnic Speaker

Folks attending the Balanced Farming picnic Friday evening August 17th will have the opportunity to learn what is being done in other Balanced Farming Associations over the State.

The speaker, Arnold Klemme who is one of the Extension Soils Specialists at the University of Missouri, College of Agriculture was one of the early leaders in the Balanced Farming movement. He continues to be intensely interested in its progress and so will probably report for the state as a whole Friday night.

A trip to the agricultural areas of Europe was made last year by the speaker, at which time he took a number of colored slides. His remarks on farming in Europe will provide an interesting sidelight to the meeting.

The picnic is scheduled for 7:30 and will be near the Band Shell in Liberty Park unless it rains when it will be held on the porch of Convention Hall. Picnic goes will spread the contents of their baskets on the long tables and eat together. Iced tea will be provided by the Extension Office.

Folks who cannot get in for the picnic are welcome to come later for the program which will be about 8:30 either at the Band Shell or in Convention Hall depending on the weather.

Picnic Held at Harvey Home

Members of the Pettis county Production and Marketing Administration committee, Robert W. Rissler, Jas. A. Harvey and Norman D. Gibson, sponsored a picnic last Thursday evening, August 9, at the home of Mr. and Mrs. Jas. A. Harvey, of Hughesville.

One hundred eleven persons which include families of community PMA committeemen of the county; county Extension, Farm Bureau, and Farmer's Home Administration representatives; service and materials contractors in the county; and representatives in the county; and representatives of the State PMA office enjoyed the beautiful picnic supper and took part in activities planned for later in the evening.

PMA officials from out of the county attending were Calvin Holloway, Roscoe, Missouri, member of the State PMA committee; Oscar F. Fix and family of Rockville, Missouri; State PMA Fieldman for this district; and John Kendrick and Martin Behmer of Columbia, Missouri, state ACP supervisors.

This is the first PMA picnic held in Pettis county and members present expressed the opinion that it should become an annual event.

Total weight of metal in the hull and machinery of the Queen Mary, transatlantic liner, exceeds 50,000 tons.

CORN PICKING CONTEST HOSTESS

Dolores Macy, of Gallatin, looks over the corn on her father's farm, where the Missouri State Mechanical Corn Picking Contest will be held October 2. The contest is being sponsored by the Gallatin Chamber of Commerce, Daviess County MEA, St. Joseph radio station KFEQ, and the Agricultural Extension Service.

Death in the Afternoon

An ambulance doctor probes anxiously for the heartbeat of Peter Daoust, 3, victim of a hit and run driver as Catholic priest Rev. James Scott gives last rites to the youngster on a Brooklyn, N. Y., street Aug. 9. An unidentified detective tries to console the boy's grieving mother, Cecelia, who witnessed the tragedy. The child died on the way to the hospital about the same time that policemen caught a suspect in the hit and run case whose car answered the description of witnesses. (AP Wirephoto)

Improvements At Hubbard Park

The Negro community council met at the home of the president, Carl Abbott, Thursday August 9th. The meeting opened with the singing of the "Lord's Prayer." Price Alexander, chairman of the civic committee made a report concerning the streets on the north side. The park committee reported the

Graduates From Auctioneering School

Don D. Davis of Green Ridge has just arrived home from Decatur, Indiana, where he has graduated from the Reppert School of Auctioneering. This school teaches every phase of the auction work and was established thirty years ago by the late Fred Reppert, known as America's greatest auctioneer.

Bona fide sales were conducted so that the students had actual experience under the guidance of instructors and are really seasoned auctioneers when they received their diplomas.

One hundred and sixteen students from thirty-one states and one from Canada attended this summer term of school.

In addition to general auction sales, Mr. Davis will conduct auctions for the benefit of the Red Cross, churches, schools or any other organizations that want to raise money for a worthy cause. He will donate his services for these benefit causes.

Community News from Nelson

Orpha Lee McCoy

Mr. and Mrs. Billy Morris of Kansas City spent the week-end with Mr. and Mrs. J. W. Edwards. Miss Joyce Bryan, daughter of Mr. and Mrs. A. L. Bryan, entered the St. Joseph's hospital at Boonville last week for treatment.

Mr. and Mrs. Joe W. Newman have sold their home here to Mr. and Mrs. R. L. Howard, who plan to move soon.

P. C. Bush of Carrollton spent the week-end with Mr. and Mrs. Lee Bush and Erma.

Mrs. Lee Alan Thorpe and sons of Blackwater visited this week with Mrs. Kate Lawson and Mr. Walker Caton.

Mr. and Mrs. Virgil Verts and Elizabeth of Marshall were visiting Mr. and Mrs. I. M. Verts Friday afternoon.

Mr. Letcher Townsend of Sedalia formerly of this vicinity died at his home Saturday morning after a lingering illness of several months.

Mr. and Mrs. Joe W. Newman and family were supper guests Saturday of Miss Agnes Ritchey.

Mr. and Mrs. Bud Mayfield and daughter, Joyce, of Independence

R. Maddox gave a report on the condition of hospital No. 2. Prof. Ralph Lee gave figures on several pieces of hospital furniture. The council has approved the buying of the furniture for an entire room, costing over three hundred dollars.

The council was honored by having the Rev. A. L. Reynolds now of Independence as a guest. He was a charter member of the council and its first president. He gave a speech praising the council's continued existence and the excellent work it has done, and wished further success in its activities.

The Rev. L. D. Hardiman gave the benediction.

Mrs. Abbott served refreshments to the group and Prof. Lee invited the council to the water carnival.

Members present were: President Abbott, Dr. A. R. Maddox, Price Alexander, Prof. Ralph Lee, The Rev. L. D. Hardiman, the Rev. J. Y. Jackson, the Rev. A. L. Reynolds and C. H. Gooch.

Get your Free TRUCK SAVER Inspection Here

International Truck owners—

1. Get your trucks ready for uncertain days ahead
2. Get a 99-point checkup at no cost, no obligation

If you want to save time, trouble and trucks in the uncertain days ahead, come in and get your free Truck Saver Inspection now!

The sooner you do, the sooner you'll see why it is to your advantage to...

Put the complete International Truck Saver Plan to work for you now

You get these benefits:

1. Better performance over a longer truck life: trucks are kept in shape to do the most efficient job possible until they can be replaced by new units.
2. Delays in getting new parts are minimized: by anticipating future requirements, the demand for needed parts

can be accurately estimated.

3. Maintenance costs cut, down time reduced: by preventing major breakdowns, a big saving is effected in both time and money.

4. Truck value is maintained: trucks kept in the best possible condition are worth more when it's time to make a replacement.

Remember—our free inspection offer has a time limit

September 30 is the deadline for our free Truck Saver Inspection. So make arrangements to get yours now, and see how our complete Truck Saver Plan can be put to work to keep your trucks rolling at peak efficiency during the months ahead. Call or come in—soon.

Ends Brief Army Career

Thirteen-year-old Pvt. Robert Young, Philadelphia, Pa., sadly buttons up his shirt as he prepares to leave the army. Pvt. Young enlisted in the army four months ago when he was 12, and went to Hawaii before his true age became known when a sergeant insisted that he shave his whiskerless face every day. (AP Wirephoto)

Relic is Flood Victim

W. H. Gadberry, sales manager for a Kansas City, Mo., auto company, bids goodbye to a 1915 Packard touring car kept as a relic by his company for many years just before it was hauled away to the junk heap. The car was caught in the recent flood and ruined. A former owner once asked a Kansas City judge for leniency when he was picked up for speeding in 1918 on the plea it was the first time he had been arrested in the car. The judge pointed out that he would have been arrested long before if Kansas City police had been able to catch him. The car was once capable of 60-70 miles an hour. (AP Wirephoto)

VIEWING THE ETERNAL CITY—Four U. S. Boy Scouts, enroute to Austria to attend the World Scout Jamboree, view ancient ruins in Rome. The Colosseum is in the background.

who died Thursday night. Mr. and Mrs. Edward Miller and their daughter and family also of Kansas City attended the funeral on Sunday.

Science Discovers Amazing Way to CURB ARTHRITIC, RHEUMATIC Suffering---At Amazing Low Cost!

At last, medical science has discovered an amazing new and better formula to stop the torturing pains of arthritis and rheumatism. Unlike so many remedies which promise only temporary relief and cost \$3 to \$5... even \$10, this sensational formula, which has actually produced long-lasting results in countless severe cases, is offered to you under the name of PRUVO for only \$1.50. Important to you is the fact that PRUVO is not just another pain relief. Yes, PRUVO stops pain amazingly fast, but in addition, it goes to work in the red, swollen, inflamed joints where arthritis does its worst crippling damage. Acting on your sore, stiffening joints, PRUVO often REDUCES THE SWELLING... RELAXES THE JOINTS... and allows you to move, work and play again without crying out at every step. Hailed by leading authorities after vast laboratory and clinical tests, PRUVO is safe, non-habit forming and easy-to-take in convenient tablet form. You can get all the wonderful benefits of amazing PRUVO Therapy right in your own home. To be sure that every rheumatic and arthritic sufferer in America who needs PRUVO will have the blessings of its amazing anti-arthritis action, the PRUVO manufacturers offer it at a price everyone can easily afford, and make you this 100% GUARANTEE: PRUVO must give you the fastest results, and the greatest, longest-lasting improvement you have ever known, or it costs you not a penny! So, no matter what you have spent on high priced tonics or drugs, no matter what you have tried or how long you have suffered... ask your druggist for PRUVO. You, like thousands of others, may be enjoying a happy, active life again... often after just a few days... thanks to PRUVO. Get PRUVO at Main Street Cut Rate Drugs only \$1.50!
